

Fire Permit Requirement – as of 2016

In 2016, the Bristol Fire Department will be conducting inspections of all seasonal and daily fire permit requests.

Before a Fire Permit will be issued the fire pit or burn pile will be required to meet the regulations established by the State of New Hampshire, Division of Forests and Lands. No fire pits will be grandfathered in. If your current fire pit does not meet state regulations you will not be permitted to use the pit and will not be issued a Fire Permit.

For more information on Fire Permit requirements click on the following link:
