TOWN OF BRISTOL PLANNING BOARD CONDITIONAL USE PERMIT INSTRUCTIONS FOR STEEP SLOPES

An applicant proposing any type of construction activity that falls under the Steep Slopes Ordinance, Section B (4.17 of the Zoning Ordinance) must obtain a Conditional Use Permit prior to commencing any type of construction activity. This will require a completed application, checklist and all required information as outlined on the checklist.

Section 4.17, Section B. APPLICABILITY

This article shall apply to all construction activities where the area of disturbance has a slope greater than 15% and where the proposed site disturbance (removal of the vegetative cover or addition of fill) is greater than 10,000 square feet.

A **Conditional Use Permit** shall be granted by the Planning Board upon a finding that the proposed use is consistent with the intent of the ordinance and following receipt of a review and recommendation of the Conservation Commission and any other professional expertise deemed necessary by the Board.

The applicant must demonstrate that no practicable alternatives exist to the proposal under consideration, and that all measures have been taken to minimize the impact of construction activities.

Applicants need to provide a completed application, with any attachments and the applicable fees:

- Tax Map and Lot number
- The Zoning District
- Provide Project Area in acres or square feet
- Provide the Gross Floor Area: Existing and proposed
- Verify if the parcel is in an Overlay District(s):
 - Shoreland Protection Area
 - Historic
 - Pemigewasset
 - Wetlands Conservation

Additionally,

When applying for a Conditional Use Permit for construction activity within steep slopes, you will need a **completed checklist**, with the following:

- An engineered plan prepared by a professional engineer that shows specific methods that will be used to control soil erosion and sedimentation, soil loss, and excessive storm water runoff, both during and after construction including clear cuts made for view development. This plan must show the area subject to site disturbance in two-foot contours.

- A hydrology, drainage, and flooding analysis that shows specific methods that will be used to control soil erosion and sedimentation, soil loss, and excessive stormwater runoff, both during and after construction.
- A grading plan for the construction site and all access routes.
- Compliance with the Performance Standards outlined in Section 4.17, F of the Zoning Ordinance.

Note:

The Planning Board can require additional information if deemed necessary to fully evaluate the application.

This includes hiring a third-party expert(s), at the applicant's expense, should the Planning Board not have the expertise needed to fully evaluate the project.

A Conditional Use Permit may be granted by the Board, after public notice and public hearing, and taking into consideration any recommendations provided.

An application and checklist can be found on the Town's Website, under / Boards and Committees / Planning Board/ Conditional Use Permit, on the left side of screen.
